

Who Am I & What Do I Do? >_

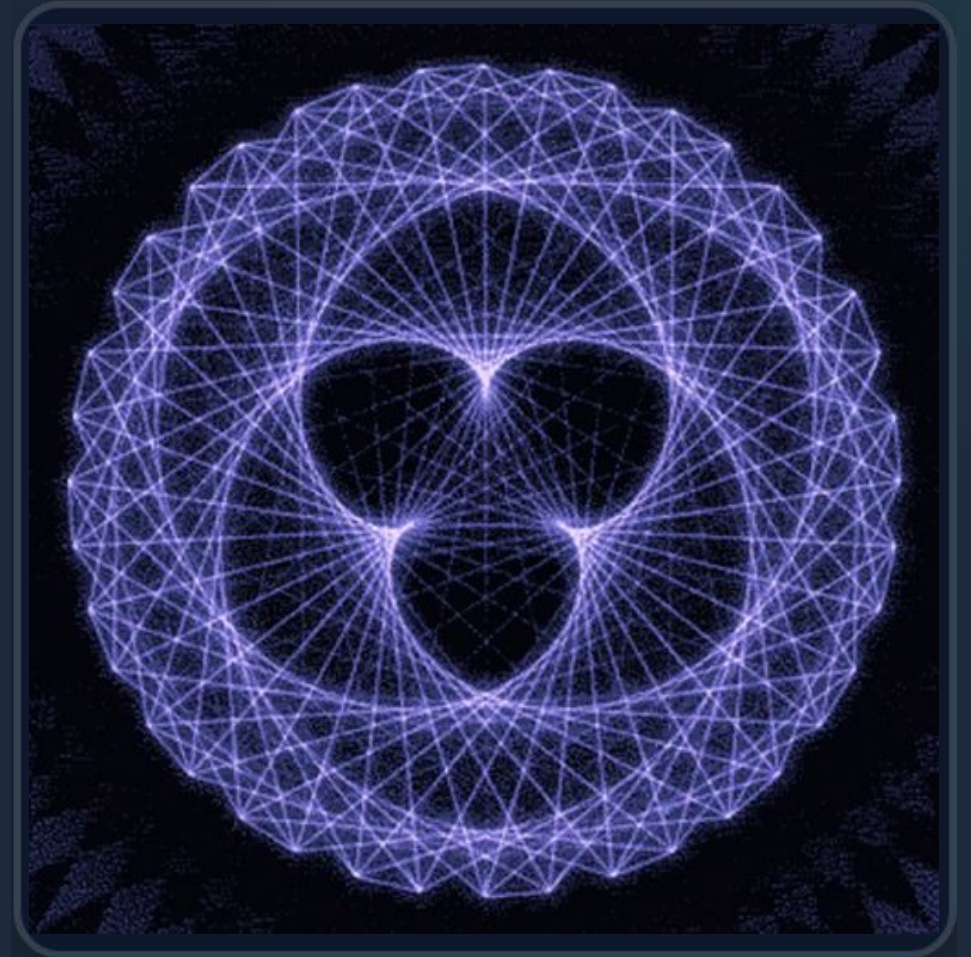

Derek Frank | Software Engineer 🎮

- 📡 I make sure online video games run smoothly for millions of players.
- 🔧 Software is imperfect, so I go "on-call" to fix live games when they break.
- 🎯 The goal isn't perfection; it is setting realistic targets for reliability.

Drawing with Math 🐍

- ⌘ Code is just instructions. Math is the engine.
- 📐 We can use simple division and 360° circles to draw complex art.
- 🖱️ Let's build a program together in the terminal.

How to Keep Growing

- 🔍 Stay curious and keep learning.
- ⚡ Technology changes fast: be adaptable.
- 🤖 Learn the hard stuff first, then let AI help you go faster.
- 😄 Keep it fun!
